

FACS Management Solutions: MyProjects

Powerful information at your fingertips

Forensic Analytical Consulting Services provides a cloud-based project management database for all of our clients. This tool was created to help our clients manage their current projects anytime, anywhere. Log into a secure website, <https://MyProjects.ForensicAnalytical.com>, and review your existing projects and their status. This flexibility will get you timely answers and critical project information 24 hours a day, 7 days a week.

Client Ref. No	FACS Proj. ID	Description	FACS PM	Project Start Date	Project End Date	Report Date	Report(s)	Notes	Invoice(s)	Open Balance

Take a look at all the features that are available to you now:
